No. 301.

"SNIDER'S" WINE STORE,
76 Walnut street, Philadelphia.

THE UNRIVALLED PLACE FOR OBTAINing all Wines, Liquors, &c., GOOD and
CHEAP.
"SNIDER" has lately—in consequence of the
numerous sales made by him to consumers—been
obliged largely to replenish his stock by fresh importations, and he has now the satisfaction of offering
some of the best Wines and Liquors ever imported
by him. He would refer to some invoices as follows, viz:

some of the best Wines and Liquors ever imported by him. He would refer to some invoices as follows, viz:

DUFF, GORDON & CO. SHERRIES—embracing delicate Pale at very low prices, rare old, and some very choice MANZANILLA, all on draught by the gallon. Also, rare old delicate AMONTILLADO, in casks of sixteen gallons, specially selected for consumers. Some EXTRA AMONTILLADO in bottles, put up in Europe, which he challenges as equal to any that can be produced.

***The MANZANILLA and AMONTILLADO Sherries are peculiarly adapted to convalescents, as they strengthen without stimulating, and have not the acid of many other wines.

PORT WINES—principally specially selected for his sales to consumers from the stock of "Bunsersans". At Oporto, and imported direct.

These Wines are fruity and delicate, and have been highly approved by his customers because of their manifest superiority over all Ports and RED Wines palmed off as such.

They are of various sorts and prices, in bottles and on draught by the gallon, or wholesale by the cask. Among them is some rare delicate WHITE PORT and MALMSEY PORT.

**Persons suffering with chronic affection of the bowels cannot be too careful in their choice of PORT.

MADEIRA WINES of various sorts, dry and rich.

bowels cannot be too careful in their choice of PORT.

MADEIRA WINES of various sorts, dry and rich, South Side, old East and West India, Sercial, &c., &c., &c., on draught, and in bottles, and by casks. As to the SPARKLING WINES of the subscriber, it is well-known that the MOST EXTRA CHAMPAGNE, and the splendid SPARKLING MOSELLE, imported by him, are superior to any other Wines, and are sold at prices as low as most of the inferior wines now in the market, which are put upon buyers as first class.

he has also CHAMPAGNE WINES of various brands and qualities, at very low prices, retail or wholesale. In the article of CLARET WINES, generally, the subscriber holds himsef to be a judge, and he offers the finest stock here, from the very lowest price, by the single dozen, to the first class or "premier cru" of Medoc.

Of BURGUNDY WINES he has a large stock, and can assure consumers that he can present to them, from his vaults, as good a bottle of Burgundy as France affords. SAUTERNE and BARSAC always on hand in

from the cellars of Messrs. Deinhaud & Joddan, of Coblentz, are extensive, and number many Still Hocks and Moselle, from the cheapest sorts to the very choicest vintages of the "STEINBERG," which is the best growth of the Rhine.

In the articles of COGNAC and other BRANDIES he has now a fine stock convenience.

In the articles of COGNAC and other BRANDIES he has now a fine stock, embracing some
very old extra of 1800, of Orano, Durey &
Co., and some celebrated "CLAVIER of 1821," in
eighth casks, and 1842 in hogsheads, and "DUBOUCHE," 1844, in hogsheads, on consignment,
which will be sold low.

Also—HRISH, SCOTCH, and MONONGAHELA
WHISKY, JAMAICA SPIRITS, PRESERVING
BRANDY, and all other Wines and Liquors, including all of the above, SOLD by RETAIL TO
CONSUMERS in any quantity desired.

A constant assorted stock of HAVANA SEGARS.

SEPARATE PROPOSALS FOR PURNISH—

Jing this Department during the facal year ending June 30, 1852, will be received until 3 o'clock, p. m., on the 26th day of June next. Those onaccompanied by satisfactory testimonials of shility to fulfil a contract will not be considered.

All the articles of stationery must be of the very best quality—samples of the principal articles of which, such as paper, quilla, metallic pens, lead pencils, knives, &c., must accompany the bids, put up in classes as per schedule, and the Department reserves the right to retain such samples, and pay for the same at the prices stated in the offer, or to return them, at its option. No bid will be considered where the articles accompanying it are not of the very best quality and entirely suited to the wants of the Department; and inferior, spurious, or imitation articles will subject the class to which they belong, or the entire bid, to rejection, at the pleasure of the Department.

Each proposal must be signed by the individual or firm making it, and must specify a price, and but one price, for each and every article contained in the schedule. Blank forms for proposals will be furnished at the Department to persons applying for them; and as without uniformity therein the Department would find it difficult to make a decision, none will be taken into consideration unless substantially agreeing therewith.

The printing must be executed with new and perfect type, and on the best paper used for the different descriptions required. The paper for the printing will be furnished by the contractor; the Department, or the office ordering it, to designate the kind of paper and type, whether scriptor otherwise, and the number to go on a sheet, when the matter or article will admit of more than one.

Each class will be considered separately, and, all other things being equal, it will be assigned to the lowest bidder for such classe, or to the lowest bidder on the aggregate, as the Department may deem most advisable. Whe

TO THE PUBLIC.

The tracts embraced in the above proclamation of the President comprise all the residue of the lead mines yet to be brought into market south of the Wisconsin river. They cover those mines (particularly the portion situated in Illinois) worked under former leases from the Government which had not expired at the date of the sale of the adjacent mines, and therefore possess the advantage of being prepared for immediate operations, without incurring the increased expenses incidental to opening new mines, and most of them are believed to be very productive. They are all more or less conveniently situated in reference to the navigable rivers and other cheap means of transportation of their products to St. Louis, and are in the midst of a country yielding abundantly all the agricultural products of the latitude in which they are located.
